Obituary.

MARIE A. DE CZAPLICKA, died May 27th, 1921.

The Society has sustained a severe loss through the untimely death of Miss Marie Czaplicka. During the short time she was at the University, and in addition to her other numerous activities she took an active interest in the work of this Society. Her enthusiasm made naught of obstacles and inspired all who came in contact with her to redoubled effort; her death cut short much great work, but she has left behind her a shining example of high endeavour brought to a successful issue.

Notices.

A few copies of the first number of Proceedings are still available, price Three Shillings. This number contains the original illustrated report on the Keltic Caverns.

All communications should be addressed to the Hon. Secretary at the University.
